### WHAT HAPPENED JUNE 18, 1919

Berlin factions at odds over our latest note—von Tirpitz fighting hard to save submarine system which he built up, is opposed by those who desire concessions at all costs to American demands. British and French in concerted attack, push Germans back at Ypres Festukert and at points near Arras. Wilson will forego armed intervention in Mexico, if suitable president and cabinet are chosen.

Wilson calls militia for Mexican service, from all states, 100,000 men to mobilize for border patrol will not cross into Mexico. Border disorders continue as bandit chase ends. General von Moltke dies of heart failure in Reichstag. Said to have induced Kaiser to sign mobilization order. Russian army storms into Czernowitz Cavalry follows Austrian flight toward Carpathian passes.

Wilson pledges us to free Bel-

gium, when receiving commission with letters from King Albert. British fall back east of Monchy—Sharp German attack forces retirement to main positions on Infantry Hill. French take salient in Champagne on front of 500 metres, take 50 prisoners.

Austria using 1,000,000 men at high cost; seeks now to smash through the Piave line, but Italian lines are holding and most foe's desperate attacks everywhere with counterattacks. London says Austria's defeated drive in Italy is the most fatal fiasco in Germany's conduct of the war. Failure from the beginning.

Raid on Soviet Russia Mission reveals records contradicting evidence of Martens. Prove that he aided Socialists and I W. W. here and sent lawyer to help Reds. Senators frame new treaty to settle sixteen-year controversy with Colombia over canal rights.

### Transactions in City Realty.

John L. Richards has conveyed by deed a parcel of land on the Flatbush avenue, near Albany avenue, 76x50 feet, to Kate Voigt of 336 Clinton avenue.

Ellen Graney and Michael Graney have conveyed by deed to James Graney a parcel of land on the West-

erly side of First avenue.

### Mooney's Narrow Escape.

Thomas Mooney had a narrow escape from serious injury or death Wednesday afternoon when his Dodge car tipped over on the East Kingston road. He escaped with a shaking up and bruises, but the car was badly damaged.

### Supt DuBois Resigns.

Charles M. DuBois resigned the position of superintendent of the Poughkeepsie Sunday school after serving faithfully many years. Mr. DuBois has always worked for the best interest of the neighborhood and was on hand at all services regularly until a year ago he met with an accident which incapacitated him from the many duties and useful service and pleasures of life.

### Holy Name Convention.

The Holy Name Societies will hold a convention in Poughkeepsie Sunday. Delegates from this city, New York, Yonkers, Newburgh and Wappingers Falls will be present.

### ABOUT THE FOLKS.

Samuel Cameron of Enterprise, Ontario, is visiting his brother, J. B. Cameron, 571 Broadway.

Miss Louise Snyder of 658 Delaware avenue, who underwent a serious operation Thursday morning, is doing nicely.

Mrs. Florence E. Wright and daughter, Isabelle, of Rochester, N. Y., are guests of Mrs. Fred Smith, 16 Hudson street.

Mr. and Mrs. John N. Hotelling of 50 Van Buren street have returned from Pittsfield, Mass., where they have been visiting their son, Casper, and family.

Tracy Nilson of 109 South Manor avenue, who has been seriously ill for the past ten days, has recovered sufficiently so as to be able to return to his home.

Mr. and Mrs. Herbert R. Harris of Bridgeport, Conn., are spending a few days in town, having motored here to visit Mr. Harris's parents, Mr. and Mrs. William H. Harris, 251 Wall street.

J. B. Buddington of Elmira, N. Y., and Mrs. Lillian L. Cooper of Poughkeepsie are visiting their cousin, Miss Jennie Snyder, of No. 301 Washington avenue, having come to Kingston to attend the Old Home Week celebration which is being held in connection with the Hudson Valley Volunteer Firemen's Association convention.

Mr. and Mrs. Lawrence W. Clarke, who have been making their home at The Mitchell for the past two years, left town today for Brooklyn, where they will hereafter reside. Before coming to Kingston Mr. and Mrs. Clarke were residents of Brooklyn. During their stay here they have made many friends who regret their departure.

Mr. and Mrs. Philip Elting returned home Thursday evening from Chicago, where Mr. Elting attended the Republican national convention as a delegate from this congressional district, which nominated Senator Harding of Ohio and Governor Coolidge of Massachusetts for president and vice president. While en route home Mr. and Mrs. Elting made stopovers to visit relatives.

## COURSES OPEN AT WEST POINT

Chances for Those Who Enlist Now in U. S. Army to Attend Platoon Military School in the World—Recruiting Truck Here.

It is not generally known that enlistment at this time in the U. S. Army carries with it, in connection with other educational advantages, the chance to take a full course in the U. S. Military Academy at West Point, the finest in the world. Enlisted men in Uncle Sam's army are entitled to enter West Point after one year's service and after passing the necessary examinations, when vacancies exist in that institution. At this time there are a large number of vacancies in West Point as a result of the entrance examination which was concluded March 19, 1920. Enlisted eligibles for appointment to the military academy must serve as such not less than one year and be between the ages of 19 and 22 years on the date of the next admission, which will be July 1, 1921. Any young man within the prescribed age will have the chance to win an appointment if he enlists before July 1 next. The eligibility after one year's service is without mental examination. Graduates from high schools this year would be eligible to appointment in 1921, as stated. Thirty-one appointments were made from the regular army rank and file to West Point in 1920 class, and ten from the National Guard, according to Recruiting Sergeant M. J. Donoghue, now located in front of the post office with U. S. army truck. For all detail information ask the sergeant as he will explain all minor details to you.

## OUR DAILY PATTERNS.

## A Popular Style.

Pattern 3245 is used for this neat little dress. It is cut in 4 sizes: 4, 6, 8 and 10 years. For a 6 year size 1 1/2 yard of 27 inch material will be required, for the gump, and 2 1/2 yards for the dress.

White and green checked gingham, with white lawn for the gump, would be cool and attractive for this style. It is also nice for cotton crepe, voile, linen, seersucker, percale and challie.

A pattern of this illustration mailed to any address on receipt of 12c in coin or 1c and 2c stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

## Catalogue Notice.

Send 12c in coin or stamps for our up-to-date spring and summer 1920 catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various simple stitches), all valuable hints to the home dressmaker.

## AT THE THEATRES

Pauline Frederick in "The Palace Case" Tonight.

This dramatic tale concerns the murder of a wealthy young man as he sits in his box at the opera. Two people are accused, a man and a woman and a masterly hand is seen in unraveling the strange mystery of this dramatic story. A Kingston news weekly and a Paramount Magazine story are added features tonight and tomorrow.

The Auditorium offers Gladys Leslie in "Its Dilemma from Dixie," a story of the north and south during the days of the Civil War and how a daughter of the south brought the two together makes a very interesting story. Tomorrow William Duncan in "The Silent Avenger" and Ann Cornwall in "The Path She Chose."

## NEW YORK CROPS IN FAIR SHAPE

New York state received less rain during last May than in any other May since 1903 but most portions of the state received ample rain in April and the clear weather of May was so favorable for farm work and for the setting of all kinds of fruit that, according to John B. Shepard of the U. S. Bureau of Crop Estimates, the average condition of all the crops of the state on June 1st, was only a fraction of one per cent below the average for that date during the last ten years.

Pastures were quite badly affected by the dry weather and on July 1st, they were 8 per cent below their usual June condition; they were almost as poor as in June 1917 and poorer than in any other June since 1903. The prospective hay crop also declined 1-10 of a ton per acre during the month and the June 1st indications were that the yield would be about 1 1/4 tons per acre or slightly below average. Alfalfa seems to be up to its usual standard but so much clover seeded last season was damaged by dry weather and grasshoppers that the acreage has been reduced and the yield will be 6 per cent below usual expectations. If the rainfall during June is below normal the hay crop will be quite short in most of the southern tier of counties, west of Binghamton, for that section suffered from a lack of rain during April as well as during May. In the state as a whole the rainfall during April and May was about one inch less than normal, and ordinarily each inch of deficiency reduces the hay crop about a tenth of a ton per acre.

Winter wheat was somewhat hurt by the dry weather but on June 1st it was still 3 per cent better than usual. Most other crops, including oats, barley, rye, cabbage and onions, were within one per cent of their usual condition for that season of the year.

New York farmers are this year leaving more fields in hay and raising smaller areas of most other crops than they did last year. Oats, of which the acreage was 8 per cent below normal last year, are expected to be increased about 3 per cent, but from present indications other crops will be reduced as follows: Spring wheat, 20 per cent; rye, 11 per cent; beans, 10 per cent; barley, 6 per cent; winter wheat, 5 per cent; and potatoes, 5 per cent.

The prospects for fruit are unusually bright this year. Blackberries and raspberries were frozen back in many localities and will yield 5 per cent less than usual and peaches will be only an average crop or about two-thirds of a full crop, but the condition of both apples and pears is estimated as 95 per cent. This indicates that with average weather conditions from now until fall, the apple crop of this state should be about 34,000,000 bushels, compared with 17,000,000 bushels last year and 41,000,000 in 1918. The pear crop should approximate 2,000,000 bushels or a third more than were produced in this state last year.

Unfortunately for New York state producers, the large fruit crops here will come into competition with unusually large fruit crops in other parts of the country. The U. S. crop of apricots is expected to be nearly a fourth less than usual but practically all other fruits seem likely to give good yields.

### Not a Drop to Drink.

Ten barrels of whiskey were unloaded several days ago from a moving van at a downtown wholesaler's place and a little later another man got two barrels at the express office which, neatly concealed beneath blankets, were whisked away in a small truck. Could it be that there is no doubt but much of it would have been absorbed Thursday to ward off chills and neutralize the effects of wet clothing. Those who acquired colds or worse Thursday may be able to get a drink today with the aid of the doctor. Should delegates have brought their own prescriptions, or in these times is it the duty of the host to furnish them?

### Mr. Frank Returns.

Lewis Frank of Poughkeepsie, formerly of this city, is in town for several days, having come here to attend the convention of the Hudson Valley Volunteer Firemen's Association and to witness the parade. Mr. Frank is not an active member of the fire department but he has always been actively interested in the ladder work of firemen. His face has been beaming since he returned to Kingston, and undoubtedly he will return, in time, to make Kingston his home.

### Wiltwyck Horse Carriage.

Samford & Scudder, the jewellers on Wall street, made a window display of a picture of Wiltwyck Horse Carriage Company's carriage in the 80's. "That took the prize wherever it went," the company points to Auburn, Rochester, Syracuse, Troy, Saratoga and other state conventions, a fire nozzle of 1857, that is about five feet long, and an old fireman's leather belt of Washington Head Engine Company, No. 2, worn in the 70's.

### IN POLICE COURT.

His Honor Mayor or Surrogate.

Leon E. Chambers was arrested by Officer Shuler Wednesday afternoon on a charge of parking his auto outside another car that was parked close to the curb on Wall street, near North Front street, and then going away and leaving his car parked there for some time blocking that side of the street. It was just about this that the fire department responded to the fire alarm from Box 34. Thursday Judge Schmitt discharged Chambers with a reprimand.

Charles Achert, Edward Mackey, Edvard Loner and Clarence Cloon, four Poughkeepsie young men, were arrested Thursday morning by Officer Shuler on a charge of making a nuisance of themselves at the West Shore station. They were also discharged by the court with a warning.

## THEY REMEMBER "BENNY" NEWKIRK

Certificate in Windows of Ralph Clearwater's Shop Reminds Veterans of Village and City Fire Department—Solomon Brown Also Known Well by Older Firstaddies.

Old Brethren of Kingston will remember Moses T. Newkirk, familiarly and affectionately known as "Benny" Newkirk, who for many years was the efficient chief of the fire department of the village and of the city of Kingston, and Solomon Brown, long the proprietor of the Kingston Hotel on Crown street.

Ralph D. Clearwater displays in his windows in his store in the Advance building on Wall street, two old time firemen's certificates, one that of Edward Newkirk as a member of the fire department of the city of New York, bearing date July 26th, 1828, the other is the certificate of the board of directors of the village of Kingston appointing Solomon Brown a member and foreman of Kingston Hook and Ladder Company, No. 1, and bears date September 3rd, 1836. Edward Newkirk was the grandfather of Moses T. Newkirk, and became the foreman of one of the old-fashioned New York fire companies, and played a very prominent part in the great New York fire of 1835. Mr. Brown was an enthusiastic fireman to the day of his death, and highly cherished the certificate of his appointment to be the foreman of the old Hook and Ladder Company. He kept the certificate, with his father's certificate as postmaster of Kingston signed by Thomas Jefferson as president of the United States, in what during the war of the revolution was the coffee room of the Kingston Hotel, and afterwards under Mr. Brown's management the smoking room. Among the other prints and engravings in Mr. Brown's collection were those of the celebrated race horses of his time. When he gave up hotel keeping he presented his collection to Judge Clearwater.

"LOOK" IS RIGHT.  
Now one of the maddest visions that come to a soul distressed  
Is the look woman gives to a woman who she thinks is better dressed.

**Care of Books.**  
Keep a chemical duster in the drawer of the library table to polish shelves, and a tin box of so-called magic paper cleaner for the books. It is not necessary to sponge the books together or flap their covers. Lay the book under treatment on a paper to catch the little black rolls of soiled dough, and go over binding and lining to the cover as well as the edges of the leaves. Keep a roll of transparent adhesive tape handy to mend torn pages or anchor loose sheets. Every music store carries it.

**American Aristocrats**  
John Hubert Grensel writes: "Washington was an aristocrat of fortune, one of the richest men of his time, dispassionate, cold, aloof. Hamilton was an aristocrat of breeding contributing his quota to democracy as he saw it. Jefferson was an aristocrat of intellect, as well as of fortune. Owner of 185 slaves he was the gifted author of the Declaration of Independence. All these men performed services of inestimable value to the common people."

**How Crests Originated.**  
Crest, from the Latin word *crista*, a comb or tuft is a heraldic figure or ornament, which, in its original use surmounted the helmet. Crests first appeared occasionally on the helmets of knights in the thirteenth century. Edward III was the first king who assumed a crest, and crests are found in use by the early knights of the Garter. The practice gradually spread in England until the crest became an indispensable adjunct of a shield or coat of arms. Crests are not to be confounded with family badges, which were never placed on a helmet.

WHO KILLED  
MONTA PALISER?

SHE HAD INVOKED THE UNWRITTEN LAW!

He had lured her into a false marriage! He had insulted, teased, ridiculed and rebuffed her! Cynically he had laughed at her strains and jester at her shame! Is there a woman who would condemn her?

Is there a jury that would convict her?

IN SUGAR PRICE

Fred W. Vall, of Milton, president of the Hudson River Fruit exchange, makes the following appeal for a nation wide drive to reduce the price of sugar, in this morning's New York Times:

"Will you help the Associated Fruit Growers, housewives, the whole great canning and preserving industry of this nation, to get lower prices immediately by appealing to the public sharply to reduce sugar luxuries and non-essentials, and to cut down the use of sugar in the homes to a minimum except for canning and preserving purposes?"

"Speculators have sent sugar prices sky high until they have become prohibitive for many practical purposes of canning and preserving in homes and factories, damaging all legitimate interests engaged in sugar distribution. If quick action is not taken to lower present abnormally high prices for sugar, home and factory fruit canning and preserving will be greatly reduced and prices next year of the simplest and cheapest canned fruits, jams, jellies and preserves will be beyond the reach of the masses of the people."

"Arousing a public spirit of patriotic sacrifice to give up sugar luxuries for a short period will bring blessings to the homes of the poor and will be a great help to fruit growers."

"Your sympathetic earnest help in this emergency will be greatly appreciated by housewives and fruit growers all over this land."

## HULSE PLEADS GUILTY

To Passing Forged Check in Newburgh.

Fred D. Hulse of Marlborough, 22 years old, pleaded guilty of forgery in the second degree in county court in Newburgh Thursday. On February 21, last, he passed a forged check on Myer Rider of Front street, Newburgh, obtaining a hat and a suit of clothes and several dollars in change. He has since made restitution. His counsel, Earl H. Houghtaling, asked for clemency today, and Captain Herbert B. Royce joined in the plea, saying that Hulse had gone out with old Company E from Newburgh and been transferred to his company in France, and had been an excellent soldier. Captain Royce said the boy was easily influenced, but would listen to good advice and follow it. Mr. Houghtaling said Hulse had been drinking at the time he forged the check. He had once been convicted of assault in the third degree, but had never been in any other trouble.

He is employed on Lockwood's fruit farm in Marlborough, and his employer bailed him out and accompanied him to court. Judge Higgins sharply reprimanded Hulse, saying his army experience ought to have taught him better, but consented to suspend sentence and placed him under the supervision of County Probation Officer Handerson for two years.

All Learn Ju-Jitsu. Japanese children begin to study Ju-jitsu in their earliest years, for it is a system of physical culture, hygiene and ethics, besides being a form of self-defense and offense. A series of exercises to give strength and flexibility to the limbs are first taught; later the pupil is shown the fine art of using an adversary's strength against himself, which is the real principle of Ju-jitsu.

Effects of Too Much Tobacco

## Try These SIMPLE TESTS

New York, Doctor Connor, formerly of Johns Hopkins hospital, says: Many men who smoke much or smoke incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the excessive use of tobacco, and thousands would soon get well if they would only stop the excessive use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system, slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effects of tobacco varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer or the common affliction known as tobacco heart. If you now tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read about our full page from a book. It is the course of reading your voice becomes muffled, hoarse and indistinct and you must frequently clear your throat. The chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking your usual smoke, wait

up three flights of stairs at a regular pace. If you find that you are out of breath, your heart beat is forced, trembling or irregular, you may be a victim of functional or organic heart trouble. If you feel that you must smoke, chew of snuff to quiet your nerves, you are a slave to the tobacco habit, and are positively poisoning yourself with the deadly drug, nicotine. In either case you have two alternatives—keep on with the self poisoning process irrespective of the dangers and suffer the consequences, or give up the habit and escape the dangers. You can overcome the craving and stop the habit in a very short time by using the following inexpensive formula. Go to any drug store and ask for Nicotol tablets, take one tablet after each meal, and in a comparatively short time you will have no desire for tobacco. The craving will have left you. With the nicotine poison out of your system your general health will quickly improve. "When asked about Nicotol tablets one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit, away from anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy produced unusual merit." Nicotol tablets are sold in this city under an American money back guarantee by all up-to-date druggists including Cunniff Drug Company and Ten Broeck Pharmacy.

Church's History.

With much diversity of opinion on other points, there is a general agreement in dividing the history of the church into three great periods. The first, from the birth of Christ to the time of Constantine; the second from that epoch to the Reformation; and third, from the Reformation to the present time.

Each period must be accompanied by a special study of the history of the church in the United States. The first, from the birth of Christ to the time of Constantine; the second from that epoch to the Reformation; and third, from the Reformation to the present time.

# PARADE UNDER DRIPPING SKY

The thirty-first annual parade of the H. V. V. F. A. One of the best in spite of inclement weather—steady firemen's notes. Under a steady downpour of rain the thirty-first annual parade of the Hudson Valley Volunteer Firemen's Association was held Thursday afternoon in this city, and while the starting of the parade was held off until nearly 1 o'clock that afternoon in the hope that it would clear up the storm increased in violence as the hours sped by, and by the time the rain fell heavily.

Long before the time the parade was scheduled to start the streets began to fill with those who had gathered to see the closing event of the annual sessions of the firemen's convention, and the unfavorable weather seemed to have kept but few away from the line of march. Umbrellas and rubbers were certainly the most popular articles of apparel that day.

As for the parade itself it was all that it was claimed to be, with thirty fire companies in line, fourteen bands, six drum corps, ten motor fire apparatus, three motor hook and ladder trucks, and four exhibition carriages, the parade was one of the best seen in Kingston.

A firemen's parade always attracts unusual interest, and the gay colors of the uniforms of the drum corps and the parade suits of the firemen added a splash of color to an otherwise dismal afternoon. The bands and drum corps furnished plenty of music, and the weather had no effect on the fine quality of the music furnished.

The committee on awarding prizes was expected to report some time today, but at the time this was written had not done so. It has been customary in times past to announce the awards at the close of the parade, but the weather was such that the committee did not get together to report.

The trumpet carried in the parade by Foreman William Keating, of Union Hose Company, No. 4, was presented to the late Thomas Rafferty by members of Poughkeepsie Engine Company No. 2, March 17, 1869, to be the first foreman to be elected of that company.

In passing a word of praise should be awarded Chief of Police J. Allan Wood and the members of the police department for the perfect order maintained and the caring for traffic while the parade was in progress. No accident marred the afternoon.

Chapman Steamer Company of Newburgh, who were the guests of Central Hook & Ladder Company, were entertained at Mechanics' Hall at the close of the parade by the Hooks and at 6 o'clock a banquet was served the visitors. A number of Newburgh officials accompanied the Chapman Company, among them being Assemblyman Arthur Brundage, Colonel Edward James Tweed, and Fire Chief Nixon and First Deputy Joseph Dowell and Second Deputy John Howard, Wygant Fowler, City Manager McKay and Postmaster Peak. During the evening Mayor Leonard presented the Hooks with a group picture of Chapman Company.

Later in the evening the Chapman were the guests at a public dance held in the hall by the Hooks. The rain storm made it impossible to use the grandstand which had been erected on the city hall lawn, and it was unoccupied during the parade.

As the Cornell Hose Company approached the Broadway crossing on the way uptown during the parade they halted and attracted attention in memory of Grover Webster, Jr., a popular member of the company, who was killed there when a train struck a trolley car.

# PORT EWEN, FORTY, FIFTY, SIXTY.

Ages of Co-respondent, Defendant and Plaintiff in Divorce Case.  
A hearing was had today before Judge Hasbrouck, at supreme court chambers in the action for divorce brought by George F. Maben against Sylvia A. Maben. The parties reside in the town of Shandaken. Testimony given by witnesses was to the effect that the defendant is living with another man in the town. The age of the plaintiff was stated to be 66 years; that of his wife, 56 years; that of the co-respondent, 46 years. Decision was reserved. Brinnier, Canfield & Brinnier appeared for the plaintiff; Judge Jenkins represented the defendant.

# ROSSMORE HOTEL OPENED.

Well Known Downtown Hotel Re-opened After Being Closed for Years.  
E. Tsachakis has taken over the Rossmore Hotel on Canal street, which has been closed for several years, and will conduct the hotel. He has made a number of improvements to the hotel and installed a fine restaurant service. Thursday Wood's Band were entertained at dinner at the hotel.

**Moonlight Rail Popped.**  
The moonlight rail of the William Knight Motor Company of Poughkeepsie, which was to come to Kingston Point tonight, has been postponed until next Wednesday night. There will be no dancing at the Casino tonight.

# DID SUIT FIT DARLING OR NOT

That is Question Jury in City Court Must Pass Upon When They Hear Evidence in Case of Tailor Harry Schwartz Against Walter S. Darling.

Harry Schwartz, an up-town tailor, has brought action to recover for the price of a suit of clothes he claims was made to the order of Walter S. Darling, and which Mr. Darling refuses to pay for on the ground that the suit does not fit. The case was set for a hearing this morning in police court before Judge Schlippe but was adjourned to the evening of June 24, when a jury trial was demanded by F. D. W. Darling, attorney for Mr. Darling.

According to the complaint filed by Frank W. Brooks, attorney for Mr. Schwartz, Mr. Darling visited his tailor shop early this year and ordered a suit of clothes made for which he had agreed to pay \$75, and that all that Mr. Darling had paid was \$27.55, and he was suing to recover the balance.

Mr. Darling's answer to the complaint sets forth that the reason he did not accept and pay for the suit of clothes was because they did not fit him.

The question that the jury will have to decide is whether the suit ordered fitted Mr. Darling or not.

# FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.  
New York, June 18.—Dealings in the stock market were dull and without feature at the opening today. Price changes were irregular and generally ranged within fractional limits. Steel Common rose 3/4 to 92 1/2. Barratt Company rose 3 points to 152. Republic Steel was in supply, falling 3 points to 80 1/2. Vanadium Steel, after advancing to 83, dropped to 82. Baldwin sold 1/2 higher at 117 1/2. Endicott Johnson rose 2 to 92 1/2. Royal Dutch fell 1 point to 115 1/2. Mexican Petroleum, selling ex-dividend of 2 1/2 per cent, showed a gain of 1/4 at 174 1/2. Dealings in the motors and railway shares were small.

After the irregularity in the first fifteen minutes, the market developed a generally strong tone and material advances were made in a large number of issues. The steel industry became prominent and motor stocks were traded in on a moderate scale without material change in prices.

The market closed steady; government bonds unchanged; railway and other bonds steady.

# PORT EWEN.

Port Ewen, June 18.—Miss Mary F. Bishop of Bradway spent Wednesday with Mrs. Morton Van Keuren in Union Center.  
Hope Lodge, No. 65, Knights of Pythias, will meet this evening at 8 o'clock in its rooms in Pythian Hall.  
The Ladies' Aid Society of the Methodist Church will not hold its monthly meeting during July and August.

Moving pictures will be shown in Pythian Hall this evening at 8:30 o'clock.

# LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.  
Ralph K. Murdock of Ashokan, son of Mrs. Lillian D. Murdock and the late Prof. John G. Murdock, died in the Johnson City Hospital at Johnson City, N. Y., Tuesday, June 15, at 4 a. m., aged 22 years 6 months and 9 days, following an operation.

Mr. Murdock was employed by Endicott-Johnson, Inc., at Endicott, N. Y. He was held in the highest esteem by all who knew him. Besides his mother of Ashokan he is survived by two sisters, Marion and Maud of Katonah, N. Y., also a large circle of friends. The funeral was held in Kingston, Thursday, June 17, 1932, with interment in Wilkewick cemetery. The Rev. Frank B. Seely, pastor of the Fair Street Reformed Church, officiated at the services.

# BACCALAUREATE SERMON SUNDAY

The Rev. Arthur S. Cole, pastor of the Albany Avenue Baptist Church will deliver the baccalaureate address to the graduating class of Kingston High School Sunday evening in the high school auditorium. Practically all of the city churches will omit the Sunday evening service in order that the congregations may be able to attend the high school service.

# DEMPSEY MAY TRAIN AT POINT

Frank Farrell, former owner of the New York Americans, Tod Sloan, famous jockey of other years, and Charley Mitchell, one time famous boxer, were in town several days ago and conferred with Perry Byrne, who runs the Hudson Inn at Kingston Point, relative to locating Champion Jack Dempsey's training quarters there in case Georges Carpentier, the French champion, accepts Dempsey's ultimatum of one week in which to sign up for a bout on Labor Day.

They expressed themselves as satisfied with the advantages of the hotel and surroundings for the purpose and promised Mr. Byrne to let him know if Carpentier signs up.

# SOCIETY NOTES.

**Bigler-Miller.**  
Daniel Bigler of Connelly and Miss Jennie L. Miller of No. 486 Wilbur avenue were united in marriage on June 15 by the Rev. Joseph Ostermann of St. Peter's Church. They were attended by Joseph Miller and Miss Cathryn M. Bigler.

**CoWay-Coffey.**  
Henry A. Conway of No. 159 Main street and Miss Madge Coffey of No. 132 Tremper avenue were united in marriage on June 9 by the Rev. J. H. Briody of St. Joseph's Church. They were attended by Joseph Coffey and Miss Cecelia Conway.

# ABOUT THE FOLKS.

Mr. and Mrs. John Baron and daughter and Mrs. J. L. Richards of Haworth, N. J., formerly of Kingston, were registered at the Eagle Hotel on Tuesday.

# Youth's Inverness.

One evening mother wanted us children to go to linter services with her. One of our favorite movie actresses was on the screen that night and brother wanted to see her. Mother wouldn't let him and made him go to church instead. He lost his patience and said, "Gosh, I wish they would stick the sign out, 'No children allowed.'"—Exchange.

# Proper Care of Parrots.

Parrots in the wild state live on seed and fruit and should, while in captivity, be fed as nearly as possible the same kind of food. They should be fed sunflower seed, hemp seed, hulled yellow corn, state bread soaked in water, an occasional piece of apple or banana, roasted peanuts and dry crackers. Plenty of water and gravel should be kept in the cage. The parrot's cage should be cleaned every day.

**How Blue Laws Hit Pennsylvania.**  
Pennsylvania's venerable blue law, enacted April 22, 1794, and entitled "An act for the prevention of vice and immorality and for other purposes," has survived all the assaults of those who would destroy it. The legislators of 1794 regarded it as being vastly more wicked to shoot a rabbit on Sunday than to drink a hot toddy. One offender was tagged with a fine of \$25, the other a shilling and a half. It was impossible under a strict enforcement of that law to operate a canal boat, a railroad train, a street railway car, a cab or sell any commodity from a loaf of bread to a package of chewing gum.

# LAW OF NEW YORK.—By Authority.

**AN ACT to amend the conservation law, in relation to the importation and raising of game.**  
Became a law March 22, 1932, with the approval of the Governor. Passed, three-fifths being present.
